

EXPERTISE

We take pride in having over 40 years of experience customizing, converting and fabricating solutions for our customers. With industry leading quality control processes, efficient inventory management systems and an experienced and knowledgeable sales staff, you can trust us to turn your material and interconnect challenges into application ready solutions!

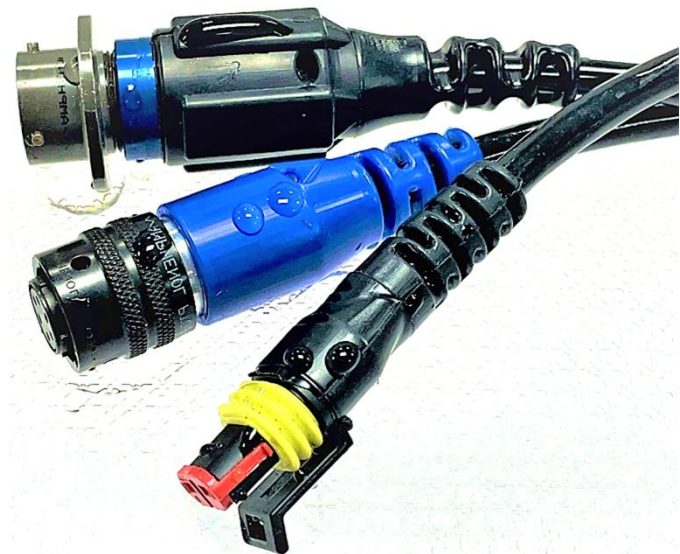

MATERIAL SOLUTIONS

- EMI Materials
- Thermal Management Materials
 - Films, Foams and Pressure Sensitive Tapes
 - High Performance Tapes
- O-Rings, Seals, and Gaskets
- Identification, Labels and Printers

INTERCONNECT SOLUTIONS

- Ruggedized Cable Assembly ●
- Overmoulding ●
- Connectors ●
- Heat Shrink / Cable Management ●
- Custom Extruded Cables ●
- Harsh Environment Solutions ●

VALUE ADDED SERVICES

- Rotary and Die Cutting
- Splicing and Vulcanizing
- Precision Tape Slitting
- Tube and Sleeve Cutting
- Kitting and Assembly
- Dedicated Inventory Programs
- Compliance Testing, and Prototyping

MARKETS SERVED

- Instrumentation and Electronic Manufacturing
- Aerospace
- Military Defence and Security
- Transportation
- Energy
- Medical
- Telecommunications

ASK US ABOUT
